FALMOUTH HISTORICAL SOCIETY
P. O. BOX 174
FALMOUTH, MASSACHUSETTS
02541

Dear Resident of Falmouth,

Today you have the opportunity to join with several hundred other loyal Falmouth citizens in helping to preserve the rich heritage of our historic town. You can do this through membership in the Falmouth Historical Society.

The Society is a private tax exempt educational institution organized to preserve articles and records which illustrate the life style of past generations for the instruction of those living today and those yet to come.

An executive of the state historic commission has said, "If present and future generations are to understand this nation they must be able to explore its past through records, paintings, textiles and the like". Membership in the Society makes this possible here in Falmouth.

The Society maintains two restored houses as museums at the Village Green, the distinguished yellow Julia Wood House with its widow's walk, and the Conant House next door. Between them is a prize winning colonial garden planned and maintained by the Falmouth Garden Club, and behind these is a Memorial Park, dedicated to the citizens of Falmouth, a joint project of the Society and the Club. Over 1,000 residents and tourists visit the exhibits each summer. Also, the Society maintains as a museum the Katherine Lee Bates House at 16 Main Street, the birthplace of the author of the famous poem "America the Beautiful". This attracts several hundred visitors each summer.

In the rear of the Conant House is a library and a fireproof vault which together preserve a valuable collection of books and papers. These are available for research by members, students and other researchers. Many genealogical inquiries are received and assistance given.

The Society offers an opportunity for some members to volunteer as hostesses in the museums, as clerical workers in the research center, as display organizers in the museums, or as writers of articles in the publicity section. Many members enjoy this stimulating activity in preserving and presenting to the public the history of our town.

If you agree Falmouth history should be preserved, please fill out the enclosed membership application and return it with your dues in the enclosed envelope.

Sincerely,

Dudley W. Hallett, President

Today you have the opportunity to join a group of people who are helping to preserve the rich heritage of our historic town. You can do this through membership in the Falmouth Historical Society.

The Society is a private tax exempt educational institution organized to preserve articles and records which illustrate the life style of past generations for the instruction of those living today and those yet to come.

An extensive collection of the state historic documents is housed here. It is a treasure trove of information to understand this nation they have gathered here. Membership in the Society is a privilege and a responsibility.

The Society maintains two historic buildings at the Village Green, the distinguished yellow brick Wood House with its white picket fence and the Constant House next door. Between them is a large walled garden planted and maintained by the Falmouth Garden Club and behind them is a Memorial Park, dedicated to the citizens of Falmouth, a joint project of the Society and the Club. Over 1,000 residents and tourists visit the exhibits each summer. Also, the Society maintains as a museum the Katherine Lee Bates House at the Main Street, the birthplace of the author of the famous poem "America the Beautiful".
